

WE ARE HIRING

mental health therapist

1.0 FTE Exempt, benefit Eligible

Join us in building a healthy community

HealthFinders helps community members take care of themselves and their families. We are community health workers, doctors, nurses, dentists, hygienists, therapists, teachers and advocates who work in clinics and schools, and in the community. We care for people of all ages. Our care is low-cost, and patients don't have to have insurance.

At HealthFinders, we believe our community is healthy when we are all healthy. We have been providing care since 2005 and are always working to help more people when and where they need it most.

Why join us?

Full-Time, Benefit-Eligible – Enjoy a stable career with benefits

Competitive Pay – Based on your degree, license, and experience

Flexible Work – Mostly in-person with some virtual options

Providers' day-to-day schedules are not driven by productivity targets

About the role

As a Mental Health Therapist, you'll make a real difference in the Latinx and Somali communities, and other underserved groups, in schools and clinics. You'll provide therapy and prevention services to help people feel better and stay well.

Location

HFC clinics in Northfield, Faribault, and Owatonna as well as Faribault Public Schools

WE ARE HIRING

mental health therapist

Our values

We focus on person-centered, strengths-based, trauma-informed care. We believe in giving people the support and resources they need to make healthier choices. Our work is driven by our mission, not productivity targets. We offer time off and a budget for professional development.

Primary duties

- Provide individual, family, couples, and group counseling
- Complete administrative tasks like documentation, billing, and reporting
- Offer crisis intervention services
- Promote mental health and wellness in the community
- Work with community partners to create mental health programs
- Collaborate with staff and volunteers to meet community needs

Qualifications

- Degree and license in a mental health field (or working towards it)
- Knowledge of evidence-based therapy methods
- Strong communication and problem-solving skills
- Experience working with diverse populations
- Ability to work independently and as part of a team
