Do you see the need in our communities and are you driven to make a difference? Do you believe everyone should have access to basic health care? Would you like to remove barriers to care and help patients become their healthiest self? Then join our diverse team of compassionate, caring, and dedicated professionals.

HealthFinders Collaborative is a growing community clinic providing quality health care (primary medical, dental, and mental health), advocacy and wellness education for people who have limited access to care. HealthFinders has a unique, holistic, community-based, health care model that works, as a result, we are growing and need to build a bigger team! Once just a Rice County based organization, we recently expanding our holistic model to our Steele County neighbors as well. Join us in ensuring everyone has access to the health care they need.
