Recovery Care Coordinator

We are looking for compassionate and passionate community leaders who are driven to make a difference within their community. As a part of HealthFinders Collaborative, you will be a key player in addressing barriers to healthcare, ensuring our patients and communities can be their healthiest self.

HealthFinders Collaborative is a growing community organization providing quality health care, advocacy and wellness education for people who have limited access to care in Rice and Steele Counties.

What you will do:
The Recovery Outreach Coordinator will work to identify and support individuals struggling with substance use disorder (SUD) to help them overcome barriers and move further down the path towards recovery. This will include individual, group, and outreach work in collaboration with the mental health and substance use teams. The coordinator will coordinate services, provide support, and meet people where they are, to promote wellness and recovery in clinical and community settings. They will also be expected to build effective relationships and work in direct collaboration with identified partners and organizations to centralize the work of the Recovery Outreach Initiative.

What we are looking for:

- Previous experience in case management, individual or family support, and/or or with individuals experiencing substance use disorder. LADC, Social Work or related fields are not required, but welcomed.
- Culturally competent and the ability to work constructively with historically underserved communities
- Bilingual Somali/English or Spanish/English is highly preferred
- Experience in social work, family studies, or a related field preferred but not required
- Reliable transportation and ability to travel within service area
- Maintain good professional boundaries with clients
- Must have compassion and desire to work with individuals undergoing the recovery process
- Work directly with identified partner organizations in the coordination of community outreach events
