Clinical Associate
We are looking for compassionate and passionate community leaders who are driven to make a difference within their community. As a part of HealthFinders Collaborative, you will be a key player in addressing barriers to healthcare, ensuring our patients and communities can be their healthiest self.

HealthFinders Collaborative is a growing community organization providing quality health care, advocacy and wellness education for people who have limited access to care in Rice and Steele Counties.

What you will do:
Clinical associates (are the backbone of HealthFinders Collaborative and work to support patient care across HFC services and programs. Clinical Associates are also our first point of contact when an HFC client visits one of our offices. This position works to assist with the everyday tasks including but not limited to scheduling, answering and triaging phone calls, interpreting (where applicable), office work, and works closely with volunteers, nurses, clinicians, etc.

What we are looking for:
• Strong customer service skills
• Basic computer skills
• Strong belief in the organization’s mission and commitment to community building
• Bilingual Somali/English or Spanish/English is highly preferred
• Experience bringing the voices of disenfranchised people forward
• Able to work independently, some evenings, and weekends
